#LessIsMoreNY Coalition Rallies at Bridge to Rikers to Confront Union & Defender the Less Is More Act

Katal and our allies today at the action confronting the parole officers union outside Rikers, 10/7/2021

Today, the union representing parole officers in New York held a press conference at Rikers calling for the repeal of the Less is More Act.

So we organized a protest to disrupt it.

The New York State Public Employees Federation (PEF) is actively spreading falsehoods and outright lies about the Less is More Act. The union is pushing to maintain mass incarceration and demanding that even *more* people be incarcerated -- including at

Rikers Island -- even in the midst of an unprecedented crisis where 12 people have died this year alone.

We turned out to confront the union and to say - NO. We are not going backward in New York. With our partners and allies -- including **A Little Piece of Light, Exodus, Good Call, Brotherhood Sister Sol, Queens Defenders**, and more -- we pushed back against the union's fear-mongering and scare tactics.

"I am completely disgusted," said Katal member **Jasmine Bracy**, who joined the action today. "Our community has been fighting for human rights for all New Yorkers. People should not be punished for the rest of their days when they have served their time and are genuinely trying to come back home. The truth is, politicians and unions alike, are lining their pockets on the backs of our loved ones. We should be using the \$680 million of taxpayer money that is saved through Less Is More NY to fund social programs like housing, and mental health services. Our community will not allow Less Is More NY to be repealed. Our community will not allow another person to die on Rikers Island because of the interest of politicians."

Decarcerate Rikers - Holding DA's Accountable

Katal member Henry Robinson speaking at Press Conference outside of Manhattan DA's Office on Wednesday 10/6/2021

On Wednesday, we joined community groups, public defenders, and elected officials for a press conference to call on District Attorney's to stop seeking unaffordable cash bail. This practice is one of the main drivers of the ongoing humanitarian crisis at the Rikers Island jail complex. This year, 12 people have died in DOC custody alone, due to the dilapidation and degradation of conditions on Rikers Island. This crisis on Rikers is spurred by the exploiting jail population on Rikers, from a low of 3,800 in April 2020 to over 6,00 last month. A majority of people on Rikers are there pretrial. All these individuals could be free and in the community, while their case is going on if not for the unaffordable cash that the District Attorney's requested and judges set. Here is our member Henry's statement from the press conference:

“Growing up there were many kids in my home and we didn't have any money to spare. So when I found myself behind bars because of the conditions in which I grew up in and the lack of access to mental health, I always felt stuck. In 2005, I was sent to Rikers with a bail of \$250,000 dollars. Another time my bail was \$75,000. I couldn't post bail either of those times and spent months at Rikers Island in the horrible conditions that we still see to this day. While at Rikers, I did not receive the proper medical attention I needed. I did not receive adequate

access to mental health. It is unreasonable that NYC District Attorney's subject people to unaffordable bail but this is the reality we live in. 12 people have passed away at Rikers this year alone and this should be enough of a reason for the DA's to stop sending people to Rikers and end pre-trial detention. It is time to decarcerate and close the Rikers Island Jail Complex once and for all!"

Katal Quotes of the Week

These are some of the quotes we're thinking about this week.

"There is no tactical theory so neat that a revolutionary struggle for a share of power can be won merely by pressing a row of buttons. Human beings with all their faults and strengths constitute the mechanism of a social movement. They must make mistakes

and learn from them, make more mistakes and learn anew." --**Dr. Martin Luther King, Jr.**

"Organizations are not movements. But organizations can institutionalize and legalize the gains won through disruptive mobilization." --**Frances Fox Piven**
